## IN THE SUPREME COURT

### STATE OF ARIZONA

PETITION to Amend SC Rule 32 to Correct ) Supreme Court  
Violation of Separation of Powers ) Petition Number  
 ) R-22-xxxx  
 )  
\_\_\_\_\_ )

**To the Honorable Chief Justice Brutinel of the Arizona State Supreme Court,**

¶1 Per Supreme Court Rule 81 Canon 1. A Judge Shall Uphold and Promote the Independence, Integrity, and Impartiality of the Judiciary, and Shall Avoid Impropriety and the Appearance of Impropriety

The attached response from Legislative Counsel to Senator David Farnsworth states that Lawyers are officers of the court and as such they are members of the Judicial Branch of Government. The average Citizen of Arizona PRESUMES that lawyers are independent and they work for whoever is paying their fees. Little do they know that the Lawyers work for the Judicial Branch of Government as surely as any Judge. The lawyer is the peer of the Judge as declared by the AZ Supreme Court.

¶2 The reason Canon 1 is so important is that Judges have “Judicial Power” per Art 6 of the AZ Constitution. They rely on the other Branches to enforce their orders, or to get money from anywhere. All of their power arises from the

PERCEPTION of the People that their actions are honest and above reproach. The People created the Judicial Branch to settle disputes that cannot be otherwise resolved. We need an effective Judiciary so if they throw away their authority because the People discover the system is rigged, the system will inevitably collapse and perhaps be replaced by “Committee Justice” which arose in the Colonies under King George.

¶3 **Separation of Powers:** Art 3 of the AZ Constitution prohibits members of one Branch of Government from walking across the street and exercising authorities or getting a paycheck from either of the other 2 Branches. This is to prevent the CONCENTRATION of power in any one Branch and would inevitably lead to Tyranny.

¶4 **Proposed Solution:** Any Process Engineer can devise a means of putting the People in charge of final decisions of Licensure and Discipline of the Legal Profession by means of a Jury implemented in an effective and efficient manner. Such documentation already exists and can be copied. Lawyers are not schooled in doing things effectively and efficiently, but solutions are available.

¶5 Committee Justice is troublesome and all we need to do is fix what we have. Living under the rule of one Branch of Government with Absolute Power is proven to be bad, like slavery. Fortunately, the AZ Constitution vests all administrative power in the Chief Justice who may sign an administrative order to correct this gross imbalance of power, at any time, for any reason. We need no Legislation. The Constitution, the Supremacy Clause, and the oath - Art 6 Clause 3 is plenty.

Sincerely,  
/s/ Martin Lynch
