Dear Justices,

Please be advised that I am writing in support of Petition R-13-0044 regarding proposed changes to Arizona Rules of Civil Procedure, 67(d) (f).

These rules are used by Defendants in an attempt to have the law suit dismissed, not upon the merits. They impose arbitrary financial requirements and appear to discriminate against indigent parties who are attempting to avail themselves of the legal system here in Arizona.

I urge you to eliminate these discriminatory rules that unfortunately target people of low income.

Very truly yours,

William J. Wolf
