Greetings:

I am writing to you as a positive supporter of Rule Change  
Petition No. R-08-0012.

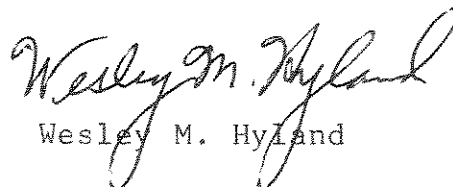

I enthusiastically endorse the adoption of this rule, to provide a mobile home park resident the opportunity to employ a non-legal advocate or representative to help in the preparation, and/or assist in the presentation, of a Hearing Petition.

This change will then give a petitioner equal rights under the law, as defendants currently enjoy this prerogative.

Many mobile home park residents simply do not have the financial ability to engage a legal practitioner to assist them in seeking relief from an oppressive or abusive condition.

I urge you to adopt this change.

Sincerely,

  
Wesley M. Hyland
