

I am writing this letter in regards to Rule Petition No. 08-0012 . The petition is a worthy one because as of now we have to appear by ourselves at a hearing and it is intimidating to say the least , to people who may not of had an experience and it would be very beneficial to have an advocate to be able to help us in the hearings who have had these situations in the past and have knowledge of the procedures to be followed and it will help to level the playing field so we may have an honest chance of presenting a case. It is important that we have equality in these matters and as it stands now the other side has most of the advantages and we are left as petitioners to fend for ourselves. I hope that you consider a positive response to this Rule Petition. Thank you for your considerations in this matter.

Sincerely,
