My comments pertain to Rule Petition No. R-08-0012

I am speaking in favor of the proposed rule change.

I was recently involved in an administrative hearing regarding a violation of the Landlord Tenant Act for Mobil Home Parks. I really didn't know how to prepare for the hearing or what to expect when I did get there?

I just found out that the park owners are allowed to have an attorney and a representative with them at a hearing.

I am on a fixed income I can not afford an attorney. It would be very helpful if I could have had someone knowledgeable there at the hearing to assist me. I think it would give people like me more confidence if we were allowed to have the same advantages as the park owners.

Sincerely

A handwritten signature in cursive script that reads "Jerry G. Phillips".
