re: **Rule Petition R-08-0012**

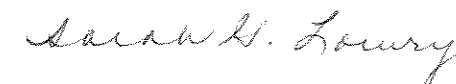

Please adopt this rule change. We believe both park owners and residents should be able to have a designated person at hearings.

We continue to hear stories of folks without protection from arbitrary owners.

Our own park was purchased by a big conglomerate, and we have experienced the calculating way they try to get legal advantage that eliminates opportunity to hold them responsible for any liability. In one document they wanted us to sign, there is language that would give them unmonitored access into our bank accounts.

Thank you for your consideration and for your decisions of fairness.

Eugene L. Lowry
